

FPC-30110

HARDWARE FEATURES

Panel:

- IP55 weatherproof rating
- Polycarbonate

Protection:

- Low voltage control and input circuitry

Inputs:

- Input for connection to BMS volt free coded data output from a MATElec pump controller

Outputs:

- BMS volt free outputs for power failure, level alarm, pump 1 fault and pump 2 fault

Included with panel:

- Power pack with 3 pin lead and plug

FUNCTION FEATURES

- Connects to an existing MATElec pump controller to provide 4 volt free outputs for interfacing with a computer or other monitoring equipment

SINGLE PHASE (230VAC) - FPC-30110

Code	Description	Enclosure Size
FPC-30110	BMS Module	125x90x60mm
